## Membership

# Working Regionally . . .

## GOVERNANCE – NOT GOVERNMENT

- Local governments represent the greatest resource for regional planning in Arizona:
  - Provide the local voice on planning
  - Partner with state and federal government
  - Offer leadership on decisions affecting local stakeholders

# Regional Planning Districts Councils of Governments (COGs)

Boundaries for planning defined In a Governor's Executive Order in 1970. Regional Councils comprise primarily local elected officials.

COGs are nonprofit corporations formed within the planning boundaries. Serve as overall planning agencies throughout the regions. Rural COGs assist in service delivery for the regions. Urban COGs are generally more focused on regional planning activities.

# Metropolitan Planning Organizations (MPOs)

Urbanized areas of more than 50,000 residents.

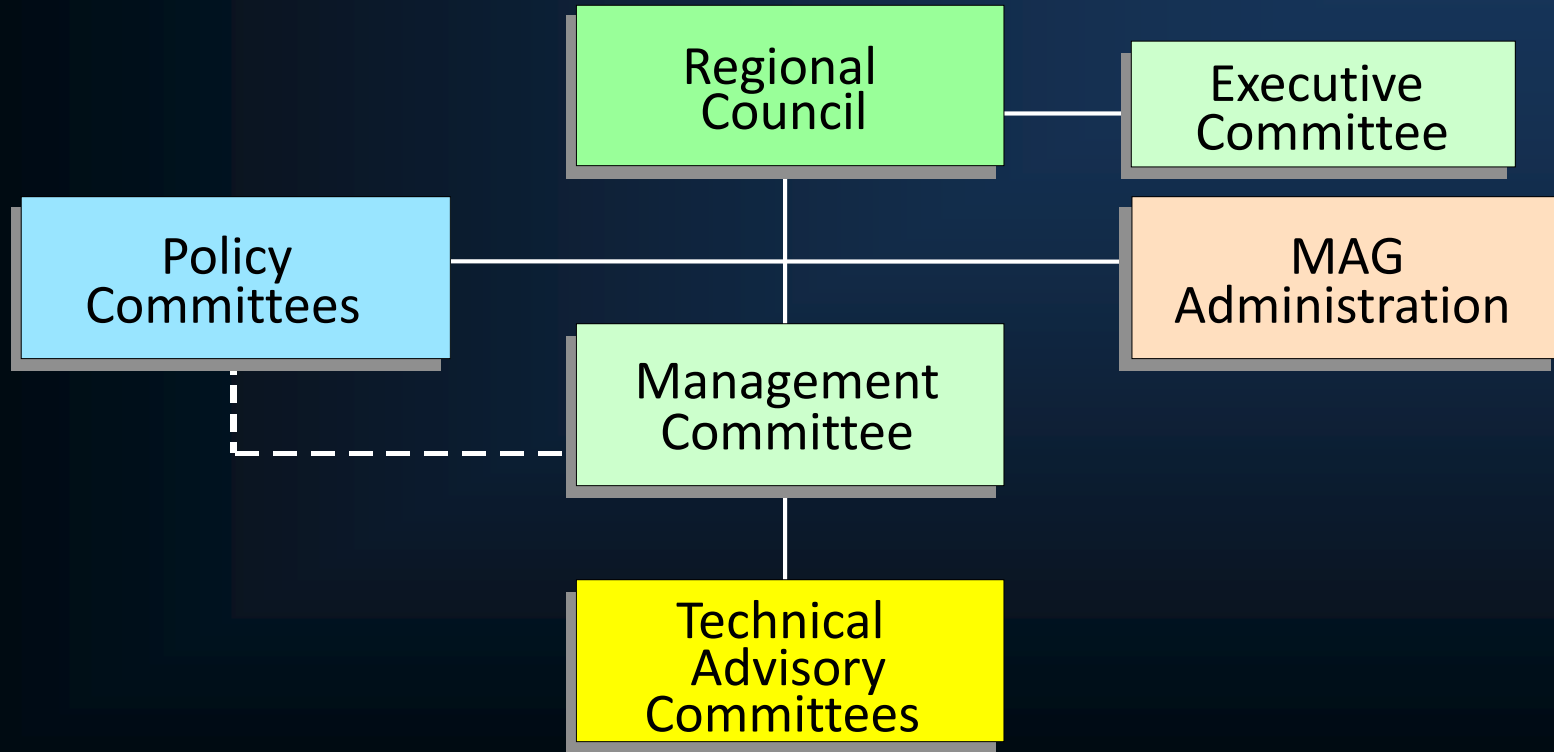

Boundary includes at a minimum, the urbanized area and the contiguous geographic area(s) likely to become urbanized within 20 years.

A forum for cooperative transportation decision making for the metropolitan planning area.

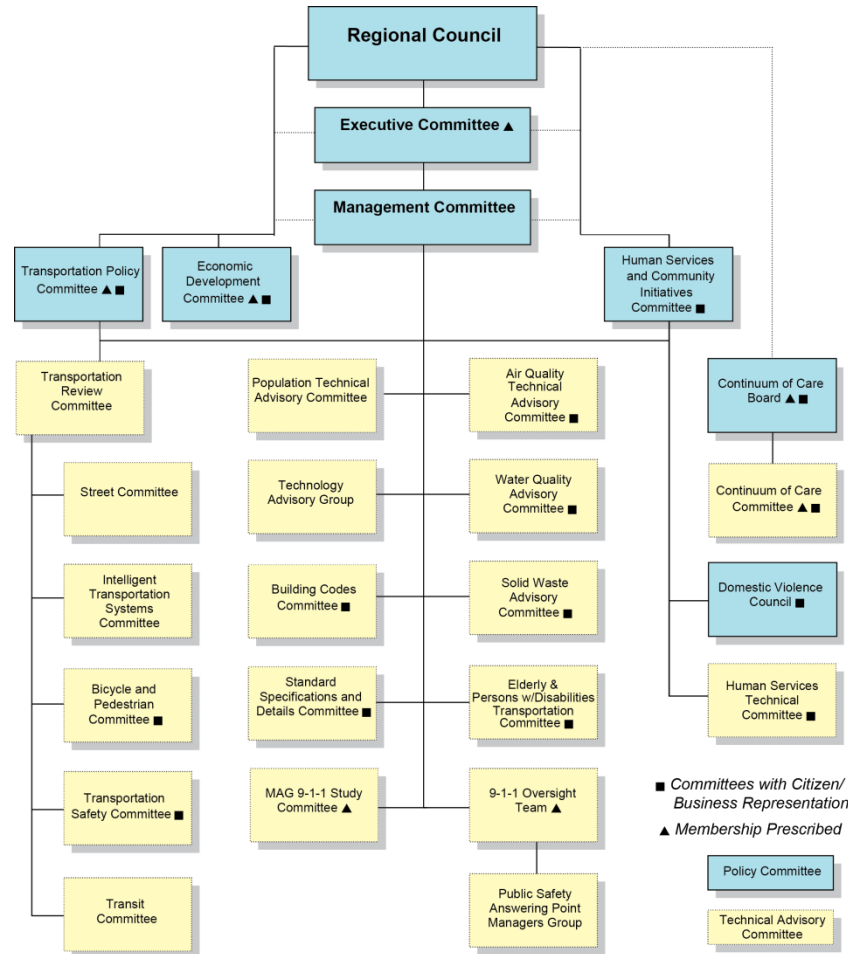

Purpose is to ensure that the expenditure of federal transportation funds is based on a continuing, cooperative & comprehensive (3-C) transportation process.
